

## Price list 01/2018 Sheet 2.2.141

Price - EUR

### Low/High-pressure leak indicator

|   |               |
|---|---------------|
| <b>Low-pressure leak-indicator</b> for flammable liquids of hazard category AIII  | 595,-         |
| Assembly set for low-pressure leak indicator consisting of<br>fluid stop, connecting nipple, 3 x 20m PVC-hose, fastenings | 285,-<br>70,- |

|  |       |
|--|-------|
| <b>High-pressure leak indicator</b> for flammable liquids of hazard category A I, A II, A III und B          | 660,- |
| Assembly set for high-pressure leak indicator consisting of: connecting nipple, 2 x 20m PVC-hose, fastenings | 220,- |
| Replacement desiccant beads  | 35,-  |

### LEVEL INDICATOR

|  |       |
|--|-------|
| Leak indicator for underground vessels, with PTB number, two-part, for hazard category A I, A II, A III, und B     | 225,- |
| Assembly set for leak indicator, consisting of: connecting pipe for a liquid tank, plug valve with connecting pipe | 105,- |
| Additional tank for leak indicator   | 110,- |

From 01.01.2002 on, all underground vessels are delivered without monitoring fluid according to the legal requirements.

|                            |   |       |
|----------------------------|---|-------|
| <b>Monitoring fluid</b>    |   |       |
| (for underground vessels)  | 10 l-container, up to -20° C frostproof | 110,- |
|                            | 20 l-container, up to -20° C frostproof | 190,- |
| (for above-ground vessels) | 10 l-container, up to -30° C frostproof | 150,- |
|                            | 20 l-container, up to -30° C frostproof | 225,- |

### Limit indicator for above- and underground vessels (for heating oil EL and Diesel)

|  |       |
|--|-------|
| Length of sounding stick 400 mm                        | 115,- |
| Length of sounding stick 700 mm (Standardlänge)        | 115,- |
| Length of sounding stick 1.000 mm                      | 145,- |
| <b>Assembly of limit indicator (Assembly in-house)</b> | 65,-  |

### Insulation-test (Iso-Test)

|                    |       |
|--------------------|-------|
| 1-30 cbm content   | 80,-  |
| 40-100 cbm content | 125,- |

The insulation-test consists of:

- inspection of insulation on outside
- refinishing of possible defects
- Certificate of isolation-test acc. To TRbF 121/221 attachment 1

### Other armatures

#### **Leak indicator for above-ground storage tanks**

|              |        |
|--------------|--------|
| 5 - 10 cbm   | 245,-  |
| 13 - 40 cbm  | 365,-  |
| 50 - 60 cbm  | 730,-  |
| 80 - 100 cbm | 1090,- |

|  |        |
|--|--------|
| <b>Vacuum leak indicator</b> for vertical vessels acc. to DIN 6618/D | 1750,- |
|--|--------|
